AUTO CHINA 2014 - AUSWILD STUDY TOUR

Ni hao!

Following the success of last year's study tour to Auto Shanghai, we are delighted to present our study tour to Auto China 2014 which will be held in Beijing.

Held every 2 years, the Beijing International Automotive Exhibition is recognised as one of the leading and most important automotive shows in the world. After all, China is regarded as the world's largest automotive market and where better for global automotive manufacturers and players to showcase their products than at its doorstep? When the auto show was last held in Beijing in 2012, 120 vehicles had their global debut; 2,000 exhibitors from 14 countries and regions displayed their wares over 230,000 square metres of exhibition space; 800,000 visitors attended the exhibition; and, it was reported by 13,000 journalists. Exhibits included not only vehicles but everything and anything to do with the automobile including R&D, design techniques, accessories, maintenance, car care products, paints, lubricants, additives and other auto supplies.

As with all our NADA Study Tours, this will be a premium "all inclusive" study tour. The team at **Helen Wong's Tours** have worked hard behind the scenes to come up with a program that we are certain will delight you. This is what you get on our study tour –
